Project Title: Plant a Row Goodness Garden

Category: Startup **Funding:** \$500

Description: This project is a multiple raised bed and container garden intended to be planted and maintained by Master Gardeners to grow food for a local community food bank, providing much needed, fresh, seasonal fruits and vegetables for food bank patrons. Food bank patrons have limited financial resources. Good quality, fresh produce is virtually nonexistent for this arena. Food bank patrons would benefit by having fresh produce available for healthy food choices.
